Happy celebration

RECIPIENTS of the MyKasih 'Love My Neighbourhood' food aid and MyKasih 'Love My School' student bursary programme are rejoicing during the launch of the programme recently in Teluk Intan.

The underprivileged families and students from Lumut and Teluk Intan will now receive aid in the form of free food and school necessities with just a swipe of their MyKad under the programme that is sponsored by Sapura Kencana Petroleum Berhad under its corporate social responsibility (CSR) programme.

MyKasih Foundation chairman and co-founder Dr Ngau Boon Keat said the 'Love My School' student bursary programme was an extension of MyKasih's existing welfare programme aimed at helping low income families.
